

Alford Pre-School

Quality Assurance Statement

Alford Pre-School are committed to the continual implementation of improvement to ensure high quality of provision for all service users.

Working together with all service users we shall do this by

- engaging service users in assessment, review and feedback through regular consultations in line with quality assurance procedures
- acting on feedback received to improve our knowledge and understanding and develop and improve our setting values, culture and ethos
- developing policies, procedures and guidelines that ensure a high quality of provision
- working with professionals to enhance quality of learning provision
- respecting and valuing staff' and their wellbeing
- providing a positive working environment for all staff
- raising standards for children through supporting staff to be motivated and skilled in their practice
- valuing, investing and improving staffs learning and development through training, continual professional learning, appraisals, monitoring and self-reflective practice
- ensuring all staff are registered with SSSC, have undergone PVG Disclosure Scotland check
- staff have core training requirements
- Quality improvement is reviewed internally through reflective practice, applying HGIOELC (Education Scotland) and Aberdeenshire Council RAG
- Inspections by Care Inspectorate and HMI Education Scotland form part of our quality assurance
- all service users aware of procedure to make a complaint or raise a concern
